WORKING**

# 10 TOP TIPS FOR GREENER WILDLIFE GARDENING

**GROW A MIX OF PLANTS INCLUDING TREES AND SHRUBS. THEY DON'T HAVE TO BE NATIVE, BUT AVOID ANYTHING INVASIVE!**

**LOOK AFTER MATURE TREES. THEY PROVIDE FOOD AND SHELTER FOR WILDLIFE AND STORE LOTS OF CARBON**

**CREATE A DEAD WOOD PILE TO PROVIDE LOTS OF NUTRIENTS FOR VISITING CREATURES**

**ADD A WATER FEATURE SUCH AS A POND OR BIRD BATH FOR ANIMALS TO DRINK FROM**

**MAKE AND USE YOUR OWN COMPOST AS SOIL FERTILISER**

**PROVIDE FOOD FOR WILDLIFE USING SHRUBS WITH BERRIES OR BIRD FEEDERS**

**LEAVE A PATCH OF GRASS AND WEEDS TO GROW LONG AS A HABITAT FOR SMALLER CREATURES**

**ACCEPT SOME DAMAGE TO YOUR PLANTS TO HELP THE ECOSYSTEMS THRIVE IN BALANCE**

**GARDEN SUSTAINABLY. AVOID USING PESTICIDES, HERBICIDES AND PEAT, AND BE CAREFUL WITH WATER**

**DON'T BE TOO TIDY OR TOO MESSY! BALANCE IS KEY**
